II. LIC e-Receipt Verification Process

LIC 's e-Receipts' Initiative enables it to send a Digitally Signed soft copy of the Premium Receipt to the Policy Holder through an email. The Policy Holder can verify the Digital Signature on the e-Receipt by a very simple method and can also print the same. Please note that it is not mandatory to verify the Digital Signature always. The Policy Holder can view and Print the e-Receipt successfully, even if he/she has not verified the same.

When the Policy Holder receives an e-Receipt from LIC, it is in PDF File Format and appears as follows:

This mark depicts that the Trusted Certificate Roots are not present on the viewers' computer and hence the Digital Signature cannot be validated.

The viewer needs to perform a one-time activity of explicitly adding the Trusted Roots on his/her computer. Once the Trusted Roots are added, the viewer can validate any Digitally Signed document.

 <p>SAFE SCRYP the confidence to do more</p>	Document Name: LIC Of India / e-Receipt Verification Help	
Safescrypt Ltd.	Document version: 1.0	Date: 17/11/2005

This can be done in the following 3 simple steps:

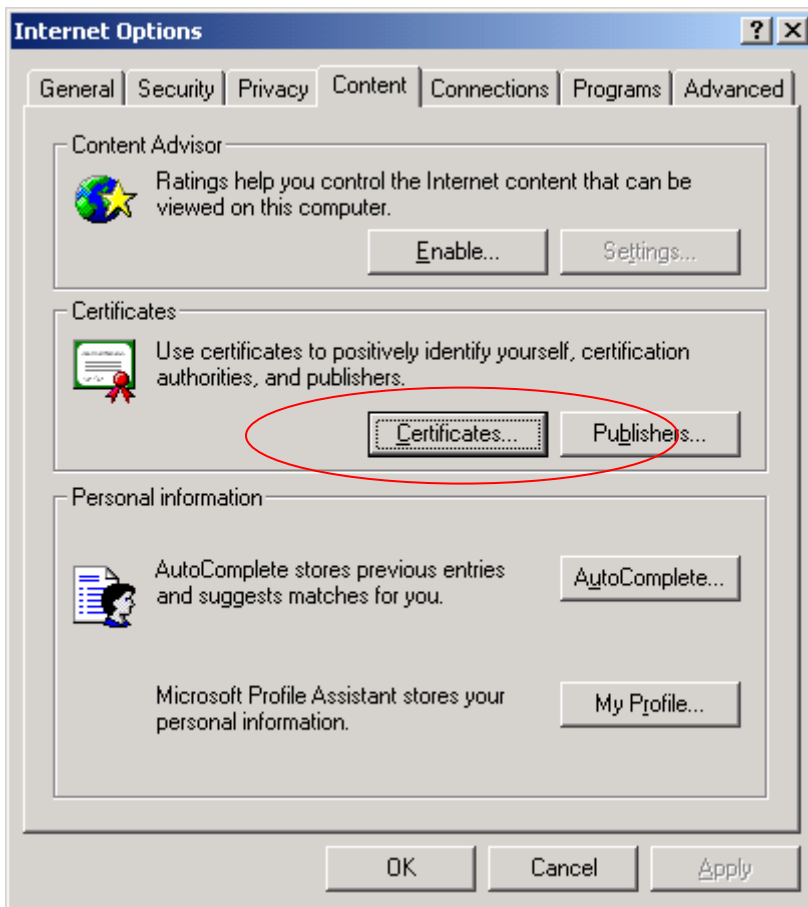

Install Root Certification (One-time) – This is a one-time activity that the user must perform on his/her computer, to install the Root Certificate on the computer that he/she will use to Validate LIC e-Receipts

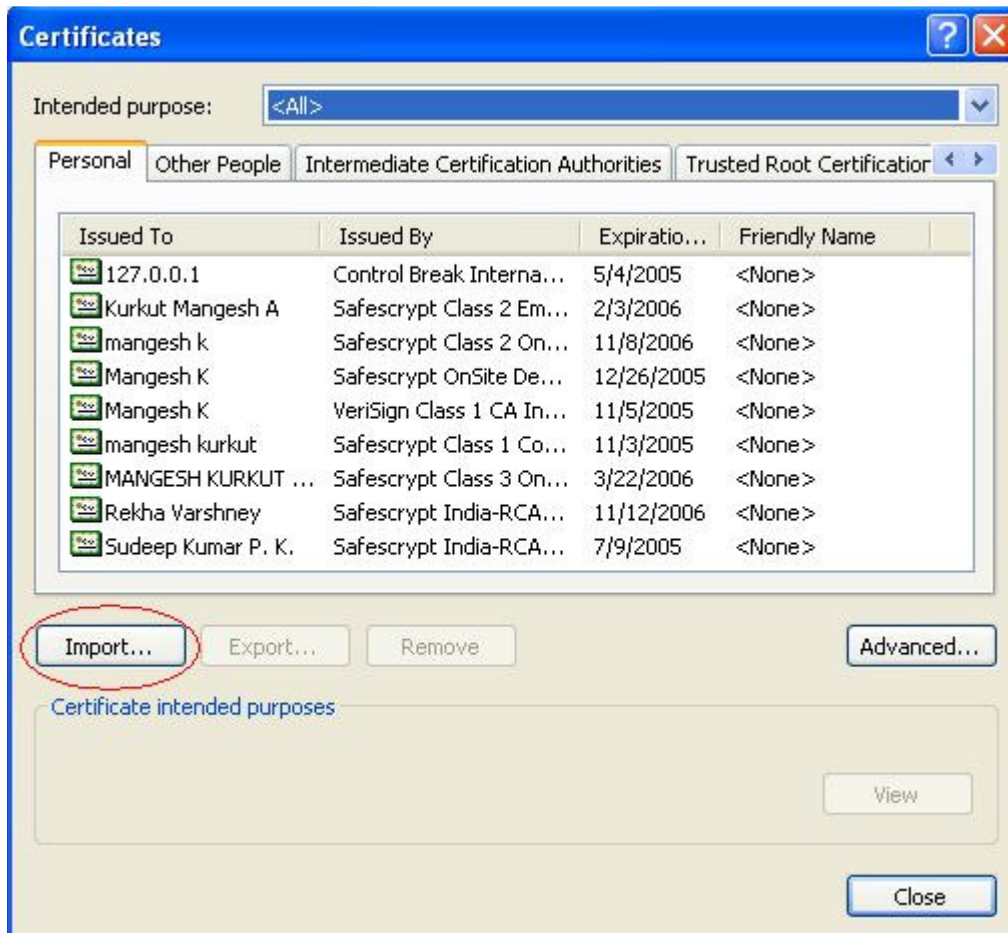

Enable Windows Trust for Verification (One-time) - This is a one-time activity that the user must perform on his/her computer, to integrate Adobe Reader with Windows Certificate Store

Validate the LIC e-Receipt – The viewer will verify all the Digitally Signed e-Receipts that he/she receives from LIC

1. Install Root Certificate

- Open IE Browser. Go to **Tools -> Internet Options -> Content** Tab
- Click on **Certificates**

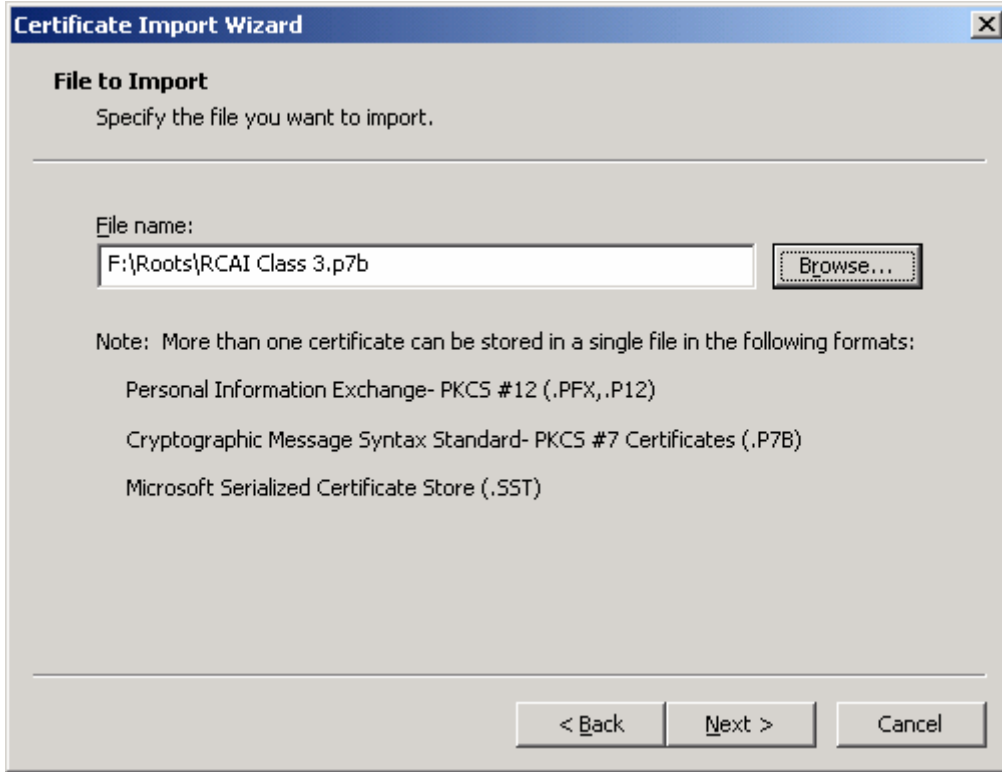

- Click on **Import**

- Click on **Next**
