

## **Profile of Sri Chander, Managing Director, LIC of India**

Shri Ramakrishnan Chander took over charge of Managing Director of LIC of India on 1<sup>st</sup> December 2025. Prior to taking charge as Managing Director, he was LIC's Chief Investment Officer (CIO) and Executive Director of the Investment (Front Office) Department.

Shri Chander joined LIC in 1990 as an Assistant Administrative Officer and has held several key positions including Senior Divisional Manager, Regional Manager for Marketing and Pension & Group Schemes, and Executive Director of LIC's Strategic Business Unit for International Operations. He has over 35 years of accomplished experience across various domains of LIC's operations.

His career is marked by strong strategic and operational leadership, having successfully managed LIC's investment portfolio and international operations. As CIO, Shri Chander led one of India's largest investment portfolios and was instrumental in driving LIC's financial performance and innovation in the insurance sector. Under his leadership, investment returns strengthened, delivering improved value to policyholders.

At this important juncture for LIC, Shri Chander brings deep institutional knowledge combined with strategic acumen accumulated over his long and distinguished tenure. His vast experience in marketing, pension & group schemes, and international business reflects his comprehensive understanding of LIC's diverse operations. With this appointment as Managing Director, Shri Chander continues LIC's tradition of strong leadership spanning seven decades, further reinforcing the Corporation's stature as India's Largest Life Insurer while championing innovative products and digital initiatives to modernize LIC's offerings.
